INTERNATIONAL CONFERENCE OF NATURAL AND APPLIED SCIENCES (ICNAS-11)

Preamble

- The advancement and results of scientific research is a remarkable indicator of the advancement of nations. Therefore, there is an urgent need to seriously support higher education and make it the basis for development.
- Community service is the ultimate goal of all higher education institutions that work on developing scientific research, encourage innovation and inventors in various fields and support the excellent and talented researchers.
- The real investment is represented in participation in conferences held in Arabic countries and supporting knowledge development through developing and supporting scientific research, thus opening new vistas for cooperation between the Arabic and world universities, in addition to distance learning.

Conference objectives

This conference mainly aims to develop scientific research in all subjects in addition to encouraging postgraduate students to publish the results of their scientific researches along with their suggestions which are important for diversifying the culture of scientific research among researchers and developing scientific ideas so as to shed light onscientific researches and study the possibility of making benefit of their results, in addition to providing the social and academic environment that supports creativity and innovation as a priority of researchers and faculty members.

We are hopeful that this conference will represent the optimism and positivity which are necessary to face all the challenges of scientific research in the Arab world. It will also spread the notion of following up the findings of scientific researches and making benefit of them in various fields of life.

INTERNATIONAL CONFERENCE OF NATURAL AND APPLIED SCIENCE (ICNAS-1)

Conference Axes

First: Neutral Sciences

1. **Chemistry**
2. **Physics**
3. **Biology**
4. **Mathematics**
5. **Geology**
6. **Environment and Pollution**
7. **Agriculture**
8. **Computer and Information Technology**

Second: Medical Sciences

1. **General medicine** (All branches)
2. **Dentistry** (Oral, face and palm surgery, orthodontics, oral and gum diseases).
3. **Pharmacy** (Medicines and toxins, pharmaceutical chemistry, pharmaceutical and biological pharmacy).
4. **Pathological sciences** (Clinical biochemistry, microbiology, molecular biology, clinical immunology, hematology).
5. **Biological technology** (Biological medical technology, genetic engineering, cell biology, tissue culture technology, environmental biological technology, nanotechnology).
6. **Veterinary medicine** (internal and preventive, surgery, zoology, illnesses, general veterinary health, anatomy, physiology).

INTERNATIONAL CONFERENCE ON NATURAL AND APPLIED SCIENCE (ICNAS-11)

Third: Engineering Sciences

1. **Mechanic engineering** (Car engineering, plane engineering, HVAC engineering, power conversion engineering, metallurgy and production engineering, applied engineering).
2. **Civil engineering** (environment engineering, construction and investment engineering, space engineering, hydraulic structure engineering, water resources engineering, road and bridge engineering.
3. **Electricity engineering** (Electronics, telecommunication, computer, electric capacity).
4. **Chemical engineering** (materials processing, materials structuring, petrochemicals, nuclear engineering).
5. **Architecture and city planning engineering** (urban design, contemporary architecture, local traditional architecture, outdoor spaces, sustainable development, city planning, environmental planning, sustainable planning, transportation planning).

Fourth: Sport Sciences

1. **Natural sport medicine.**
2. **Sport and physical education.**
3. **Sport psychology.**
4. **Sport nutrition.**

Fifth: Patents

There is an exhibition of all patents recorded in the last ten years, in all subjects. The patent certificate must be presented with the abstract.

INTERNATIONAL CONFERENCE OF NATURAL AND APPLIED SCIENCE (ICNAS'11)

Terms of Participation

1. Anti-plagiarism check certificate should be submitted with the research paper.
2. The research paper should be new and has not previously been presented in any conference or published in any peer-reviewed journal.
3. The research is subject to arbitration. It may be accepted, rejected or edited according to the arbitrators' decision, and the researcher must abide by these decisions.
4. The abstract should be sent in no more than 250 words.
5. The research should be presented a month after its discussion in the conference.
6. The researcher undertakes to publish his research in any of the sponsoring journals of the conference, and in a special number within the conference proceedings.
7. The research should be subject to scientific sobriety and according to the conditions of publication in the scientific journal in which the research will be published.

INTERNATIONAL CONFERENCE OF NATURAL AND APPLIED SCIENCE (ICNAS-1)

Benefits of participating in the conference

-Attendance participation with publication (conference bag, stationery, all conference certificates, hospitality).

-Virtual participation with publication (all conference certificates).

-Attendance participation in the conference without publication (conference bag, certificate of participation, certificate of attendance, thanks and appreciation).

-Virtual participation in the conference without publication (certificate of participation, thanks and appreciation).

-Conference certificates include (certificate of participation, certificate of publication, certificate of attendance, and thanks and appreciation).

Participation Fees

-Fees for attending the conference for the individual participating researcher: $250.

-Participation fee for joint research: $150.

-Remote virtual participation fee: $150.

-Fees for the researcher's companion: $150.

-Publication in Scopus magazines: (according to the magazine level costs).

-The above fees do not include visa, travel and accommodation. The fees include conference certificate + conference bag + research publication + hospitality.

INTERNATIONAL CONFERENCE ON NATURAL AND APPLIED SCIENCE (ICNAS-11)

Important dates:

Date of the conference March 15-17, 2022.

The last date for receiving abstracts is 01/03/2022.

- The last date for receiving the full research is one month after the conference to give researchers an opportunity to benefit from the discussion notes and to amend the research by the researcher after taking the notes raised in the discussion.
- Research is published according to journal dates.
- The research is sent in English to those who wish to publish in Scopus magazines.
