9. About the Admissions

Indian Universities/educational institutes are autonomous and independent bodies and have their own eligibility criteria. It is, therefore, for the students to satisfy themselves about the course chosen and the confirmation given by the Universities. Their admission is provisional till the time Universities satisfy themselves of the authenticity of requisite documents from the students. If on arrival, it is found that the student does not possess the required original documents on the basis of copies of which the admission has been finalized, the students will themselves be responsible for the consequences including denial of admission by the Universities and student will have to return at own cost. ICCR will not bear cost on such student's return airfare. The student should bring the following documents:

- (i) Original documents relating to their qualifications for verification by the respective college/University.
- (ii) English Translation of the documents in original.
- (iii) Certified copy of the syllabus of the last qualifying examination.
- (iv) Valid passport with appropriate visa. Student visa for undergraduate/post graduate and research visa for Ph D. Students.
- (v) Award of scholarship letter issued by the concerned Indian Mission.
- (vi) Undertaking from the student that the course and the University as conveyed is acceptable and that he/she will not request for change at the time of admission.

10. Admission of student on the basis of eligibility from one or more than one Indian University does not guarantee award of ICCR sponsored scholarship. Indian Mission in each country will decide on the award of scholarship to applicant and letter of award of scholarship will be issued to student. For award of scholarship the decision of Indian Mission is final and any query regarding it should be taken up with them.

11. It may be noted that the admission remains provisional till the time Universities verify the authenticity of original documents. If original documents are not found in order on which provisional admission has been granted by University, the admission offer will be revoked and the student will have to return to their country at their own cost. Once the scholarship is considered, Indian Mission will issue an offer of admission with award of scholarship for acceptance of applicant. Applicant will have 7 days time to accept / reject the offer. In case applicant wishes to accept the offer, an automated acceptance letter has to signed digitally by the student and submitted for further process.

12. After submitting the acceptance, the applicant should approach Indian Mission for issuance of
