Scientific plan form

**Section of Financial and Banking
Sciences**

For the academic year 2023-2024

First: vision, Mission and goals

The vision :: The Department of Financial and Banking Sciences should be at the forefront of the financial and banking sciences departments in Iraq, while committing to excellence in the three main pillars of university education: teaching, scientific research and community service .

MISSION: To achieve this vision, the department directs its activities to achieve the following messages:

- 1- Providing a distinct quality of high quality in student education that is compatible and the need of the labor market.
- 2- 1- Developing and developing the capabilities of the faculty members in the teaching and research field.
- 3- 3- Providing consulting and training services through a close relationship with society.

strategic goals:

- 1-- Preparing highly qualified graduates who are able to compete in the entry of the labor market easily, and are able to continue graduate studies, and to keep pace with the scientific development in the field of financial and banking sciences and supply banking and financial institutions in Iraq with qualified graduates to manage and develop it.
- 2- Keeping pace with global and local developments in the field of financial and banking sciences.
- 3-Increase the ability to think, analyze and creativity for the students of the department.
- 4- Development of student technological skills associated with investment and financial markets.

Second: The teaching staff for the academic year 2023/2024
