

Course description of the program offered by Basrah University

2023 - 2024

Assistant prof. Dr. hayder abdulateef zghair

University of Basrah ,College of medicine	1- university and college
Medicine	2-department
Medicine	3- course
Classroom for theory clinical skills,	4- available methods of attendance
2023 - 2024	3- year
	6- hours\ course
24/3/2024	10-Date of production
<p>Aim of programme:</p> <ul style="list-style-type: none"> -high level of scientific knowledge - high level of practical skill 	
<p>Learning outcome , teaching , learning and assessment methods</p> <p>cognitive goals :</p> <ul style="list-style-type: none"> - Dissemination of knowledge about medicine - -student should acquired skills in the field of speciality - Teaching different methods of clinical diagnosis 	
<p>skill goals special to the programme:</p> <ul style="list-style-type: none"> - Skills in dealing with different diseases 	
<p>learning and teaching</p> <ul style="list-style-type: none"> - Interactive lectures including theoretical material - Lectures - Practical sessions <p>Assessment method:</p> <p>Short examination after discussion Evaluation of practical performance through logbook Evaluation of practical performance at the end of the course Mid-year and final examine</p>	

Course structure					
Method of assesment	Method of teaching	subject	Learning outcome	hours	week
Discussion Short examine questions	Lectures	medicine and basic of CV disease	Learning the basics for dealing with the CV diseasedisease	1	1
Discussion Short examine questions	Lectures	Clinical approach to CV DISEASES	Learning about different PRESENTATIONS OF CV DISEASSE	1	1
Discussion Short examine questions	Lectures	CCS		1	1
Discussion Short examine questions	Lectures	ACS (UA,NSTEMI)	DX AND MANGEMENT OF ACS	1	1
Discussion Short examine questions	Lectures	ACS (STEMI)	DX AND MANGEMENT OF ACS	2	2

Infra structure	
Davidson medical book	Books required reading*
Davidson's Principles and Practice of Medicine	Main references
Medical Journals in google scholar. WHO reports. Pub med journals	Recommended books and journals
pubmed website	electronic references and web sites-

The planned development plan :

Uses of modern teaching methods
 Adopted modern sources
 Access to corresponding universities courses
 Periodic meetings of development committees
 Periodic update of lectures
 Attending workshops and seminars for teaching and learning methods
