College of Computer Science and Information Technology Department of Computer Information Systems

Study programme

For the year Academic2024 - 2023

number of units	practical	theoretical	The name of the article is English	The name of the material is Arabic	the chapter	the system	stage
4	1	3	Computer Programming I	Computer programming 1	the first	Bologna	the first
3	1	2	Computer Skills	Computer skills			
2	0	2	Information Systems	Information systems			
3	0	3	Mathematics	mathematics			
2	0	2	English I	English			
4	1	3	Computer Programming II	Computer programming 2	the second		
3	1	2	Computer Applications in Business	Computer applications in business			
2	0	2	Discrete Structures	Intermittent structures			
3	1	2	Computer Fundamentals	Computer basics			
2	0	2	English II	English			
4	1	3	Object Oriented Programming	Object-oriented programming	the first	quarterly	the second
3	1	2	Computer Graphics	The drawing By computer			
3	0	3	Finance Accounting	Financial Accounting			
3	1	2	Database Principles	Database principles			
3	1	2	Business Statistics	Counting Business			
2	0	2	Arabic Language Skills	Arabic language skills			
3	1	2	Visual Programming	Visual programming	the second		
3	0	3	Marketing	Marketing			
3	0	3	Systems Analysis and Design	Systems analysis and design			
3	1	2	Data Structures	data structures			
3	1	2	Web Programming I	Website programming 1			
2	0	2	English Language II	English language 2			
3	1	2	Operating Systems	Operating Systems	the first	quarterly	Third
3	0	3	Decision Support Systems	Decision support systems			
3	1	2	Advance Object Oriented Programming	Advanced object-oriented programming			
3	0	3	Computer Networks I	Computer networks 1			
3	0	3	Human-Computer Interaction	Human-computer interaction			
3	1	2	Project Management Systems	Project management systems			
3	1	2	Database Management Systems	Database management systems	the		
3	2	2	Computer Networks II	Computer networks 2			
3	1	2	Web Programming II	Website programming 2			

| 3 | 0 | 3 | Operations Research for Business | Operations research in business | second | | |

2	0	2	Computer Ethics	Computer ethics			
3	0	3	Computer Simulation	simulation the computer			
3	1	2	Software Engineering	Software engineering	the first	quarterly	Fourth
3	1	2	Mobile Applications	Mobile applications			
3	1	2	E-Commerce	E-Commerce			
3	0	3	Geographic Information Systems	Geographic information systems			
3	0	3	E-Technology	Electronic technology			
3	0	3	Graduation Project	project graduation			
3	0	3	Software Quality Assurance	a guarantee Quality Software	the second		
3	0	3	Information Systems Security	Information systems security			
3	1	2	Business Information Systems	Business information systems			
2	0	2	Organizational Behavior	organizational behavior			
2	0	2	Knowledge Management	administration Knowledge			
3	1	2	Data Mining & Warehousing	Data mining and data assimilation
