Discussions in 2023 for master's and doctoral degrees

Graduation Year	Thesis title	Supervisor name	Type of study	student's name	
2023	Frequency of bacteria in healthy and infected scalp	Mr. Dr. Manaf Gouda	Master's	Muhammad Hassan Muhammad	
2023	Determination of Interleukin 33, Thymic Stromal Lymphopoietin, Suppression of tumorigenicity 2, Chemokine CCL24, Total IgE and Eosinophils among patients with allergic asthma in Basra Governorate)	Mr. Dr. Wafa Saadoun Shani	Master's	Mahmoud Samir Muhammad Nihad	
2023	Studying the prevalence of fungal infections associated with diabetic patients previously infected and not infected with the Corona virus	Mr. Dr. Anam Al-Rubaie Mr. Dr. Adnan Al-Moussawi	Master's	Rana Muhammad Nasser	
2023	Production of biological surfactant compounds	Mr. Dr. Ahmed Abdel Burghal	Master's	Sakina Abdullah Habib	
2023	The genetic characterization of bacteria isolated from intensive care units in Basra hospitals is discussed	A.M.D. _ Ghosoon Fadel	Master's	Ayman Wasfi Daher	
2023	The use of some plant extracts to ,combat the green metal fly <i>Lucilia sericata</i> (Diptera: Calliphoridae) (Mr. Dr. Nasser Abdel Ali	Master's	Zahraa Ghaleb Abdel Ghani	
2023	Molecular genetic study of) microbiota isolated from human (tongue	Mr. Dr. Manaf Gouda	Master's	Heba Muhammad Musa	
2023	Efficacy of fungal carotenoid pigments against some pathogens of dermatophytosis	A.M.D. _ Muhannad Khalaf	Master's	Haneen Maan Abdel Hafez	
2023	discusses the use of let-7a miRNA as gene therapy for breast cancer	Mr. Dr. Muhammad Al-Hajjaj	Ph.D	Suhaila Fadel Ali	

2023	Qualitative and quantitative composition of algae in the marshes of eastern Al Hamar	A.M.D. _ Call of Musawi	Ph.D	Ibtihal Musa Jaafar	
2023	Investigating the emergence of multiple antibiotic-resistant Enterococcus species among burn patients in Basra, Iraq	A.M.D. _ Yassin Yacoub	Ph.D	Hanan Ali Abdel Karim	
2023	Molecular immunity to wheat) - allergy in Dhi Qar Governorate (southern Iraq	Mr. Dr. Adnan Al-Badran	Ph.D	Safaa Hussein Abdullah	
2023	Yeast infections associated with the use of dentures	A.M.D. _ Muhannad Khalaf	Ph.D	Aliyah Muhammad Abdel Latif	
2023	Production of active compounds using nanosilver and chitosan	A.M.D. _ Eman Mohamed	Ph.D	Bassam is a lonely person	
2023	Sickle cell disease and its relationship .to bone health	Mr. Dr. Hanaa Salman Mr. Dr. Mehdi Murshid	Ph.D	Lamia Kazem Odeh	
2023	Biofuel production from algae	Mr. Dr. Ahmed Abdel Burghal	Ph.D	Haya Abdul Shaker	
2023	Legionella bacteria and associated bacteria Isolated from various types of cancer Different types of hospital environment	A.M.D. _ Yassin Yacoub	Ph.D	Sanaa Saeed Attia	
2023	The effect of abiotic stress on the production of some alkaloid compounds Indole	Mr. Dr. Abdel Moneim Al-Moussawi Mr. Dr. Abdullah Hamad gestured	Ph.D	Zainab Abdel Wahid Saeed	
2023	Cultivation of gray mangroves on the Iraqi coast.	A.M.D. _ Mighty and eternal Mr. Dr. Taha Al-Eidani	Ph.D	Jihad Makki Majeed	
2023	The relationship between some physiological parameters and thyroid cancer	Mr. Dr. Sanaa is beautiful Mr. Dr. Dhamia Qasim	Ph.D	Ali Reda Hussein	
2023	The ability of endophytic fungi to produce immunosuppressive compounds and nanoparticles	Mr. Dr. Inaam Mahmoud Mr. Dr. Awatif Hamid	Ph.D	Maha Hani Tawfiq	
2023	A taxonomic and ecological study) of some wasp families belonging to the order Hymenoptera Order: Hymenoptera in Basra Governorate (Mr. Dr. Nasser Abdel Ali Mr. Dr. deyaa	Ph.D	Zainab Fadel Mansour	
2023	Enhancing the performance of methanotrophs bacteria by using CRISPR- Casq gene editing system	Mr. Dr. Zeina Waheed Mr. Dr. Asaad Muhammad Reda	Ph.D	Anwar Abdel Wahab	

2023	Molecular comparison among the hemolysis types (hla , hlb , hlg and hld) and their alleles in pathogenic bacteria isolated from hospital patients	Mr. Dr. Manaf Gouda	Ph.D	Zeina Hashem
