## **Course Description Form**

|  |  | _                                  |  |  |  |  |
|--|--|------------------------------------|--|--|--|--|
| 1. Course Name:  |  |                                    |  |  |  |  |
| Medical Chemistry  |  |                                    |  |  |  |  |
| 2. Course Code:  |  |                                    |  |  |  |  |
|  |  |                                    |  |  |  |  |
| 3. Semester / Year:  |  |                                    |  |  |  |  |
| 2023/2024  |  |                                    |  |  |  |  |
| 4. Description Preparation Date:   |  |                                    |  |  |  |  |
| 5/3/2024   |  |                                    |  |  |  |  |
| 5. Available Attendan  | ce Forms:  |                                    |  |  |  |  |
|  | Lecture room,, Practical lab   |                                    |  |  |  |  |
| 6. Number of Credit Hours (Total) / Number of Units (Total)  |  |                                    |  |  |  |  |
| 60 hours theoretical lectures  |  |                                    |  |  |  |  |
| 60 hours practical lectures  |  |                                    |  |  |  |  |
| <ol><li>Course administra</li></ol>  | ator's name (me  | ntion all, if more than one name)  |  |  |  |  |
| Name:  |  |                                    |  |  |  |  |
| Lecturer Entessar Abdul  | latif Abdulreda  | entessar.abdulreda@uobasrah.edu.iq |  |  |  |  |
| 8. Course Objectives   |  |                                    |  |  |  |  |
| The branch seeks to be known and distinguished in the field of of biochemistry and clinical chemistry in Basra in particular and Iraq in general, by explaining and teaching these subjects to students of medical colleges and other supporting colleges, and preparing qualified graduates professionally and academically to carry out advanced laboratory and diagnostic work in health institutions, as well as educational tasks in academic institutions. |  |                                    |  |  |  |  |
| 9. Teaching and Learning Strategies  |  |                                    |  |  |  |  |
| 2. P<br>3. S   | <ol> <li>Theoretical Lectures</li> <li>Practical Lessons and clinical cases</li> <li>Small Groups teaching</li> <li>Online Lectures</li> </ol> |                                    |  |  |  |  |
| 10. Course Structure   |  |                                    |  |  |  |  |

| Week  | Hours | Required Learning                   | Unit or               | Learning                        | Evaluation  |
|-------|-------|-------------------------------------|-----------------------|---------------------------------|-------------|
|       |       | Outcomes                            | subject               | method                          | method      |
|       |       |                                     | name                  |                                 |             |
| 1-3   | 6     | Organic Chemistry                   | Clinical chemistry    | Lectures                        | Talks\exams |
| 4-6   | 6     | Inorganic Chemistry                 | Clinical chemistry    | Lectures                        | Talks\exams |
| 12-13 | 4     | Chemistry of Proteins               | Clinical chemistry    | Lectures                        | Talks\exams |
| 17-20 | 6     | Chemistry of Enzymes                | Clinical chemistry    | Lectures                        | Talks\exams |
| 1     | 6     | Introduction and Instruments        | Clinical chemistry    | Practical\ small group teaching | Talks\exams |
| 2-6   | 30    | Titrations                          | Clinical chemistry    | Practical\ small group teaching | Talks\exams |
| 7-10  | 24    | Color reactions of<br>Carbohydrates | Clinical chemistry    | Practical\ small group teaching | Talks\exams |
| 11-14 | 24    | Color reactions of Proteins         | Clinical chemistry    | Practical\ small group teaching | Talks\exams |
| 15-18 | 24    | Enzymes                             | Clinical chemistry    | Practical\ small group teaching | Talks\exams |
| 18-21 | 18    | Normal urine examination            | Clinical<br>chemistry | Practical\ small group teaching | Talks\exams |

## 11. Course Evaluation

Distributing the score out of 100 according to the tasks assigned to the student such as daily preparation, daily oral, monthly, or written exams, reports .... etc

## 12. Learning and Teaching Resources

| Required textbooks (curricular books, if any) | Chemical bases of life Lippincott's Illustrated Reviews: Biochemistry |  |  |  |
|---|---|--|--|--|
|   | Harper's physiological Chemistry                                      |  |  |  |
| Main references (sources)                     | Chemical bases of life  |  |  |  |
|   | Lippincott's Illustrated Reviews:                                     |  |  |  |
|   | Biochemistry  |  |  |  |
|   | Harper's physiological Chemistry                                      |  |  |  |
| Recommended books and references (scientific  | Medical Journals in google scholar.                                   |  |  |  |
| ,   | WHO reports.  |  |  |  |
| journals, reports)                            | Pub med journals  |  |  |  |
