| 10 | senior manager Weam Yassin Najm       | Director of the Quality Assurance and University Performance Division | Fatima Hassan Ashour      |

### Definition of the self -evaluation report

Self -evaluation: It is one of the methods used in assessing the quality of the university's performance and is carried out by the Quality Assurance Division in the institution in light of the specific controls and conditions, and the self -evaluation of a division and an administrative unit, or a scientific section, a specific academic curriculum or the entire educational institution can be (University and college).

One of the principles of self -evaluation is a SWOT Analysis to determine the strengths, internal weaknesses, opportunities and external threats. The environmental survey includes analyzing the internal factors that affect university performance in light of the criteria and indicators to obtain accreditation, quality and quality to extract the aspects of strength to preserve it and weakness to improve it in the direction of providing a university climate that preserves the safety, security and dignity of students and employees and building on human rights principles that include justice, equality, respect, tolerance and integrity Transparency, lack of discrimination, empowerment, participation and focus on marginalized students. The environmental survey also includes analyzing external factors that affect university performance, including political, economic, social, cultural, legal and environmental factors to determine the opportunities available to exploit them and external risks facing the university in order to reduce its consequences to achieve results and obtain the university institution on academic accreditation.

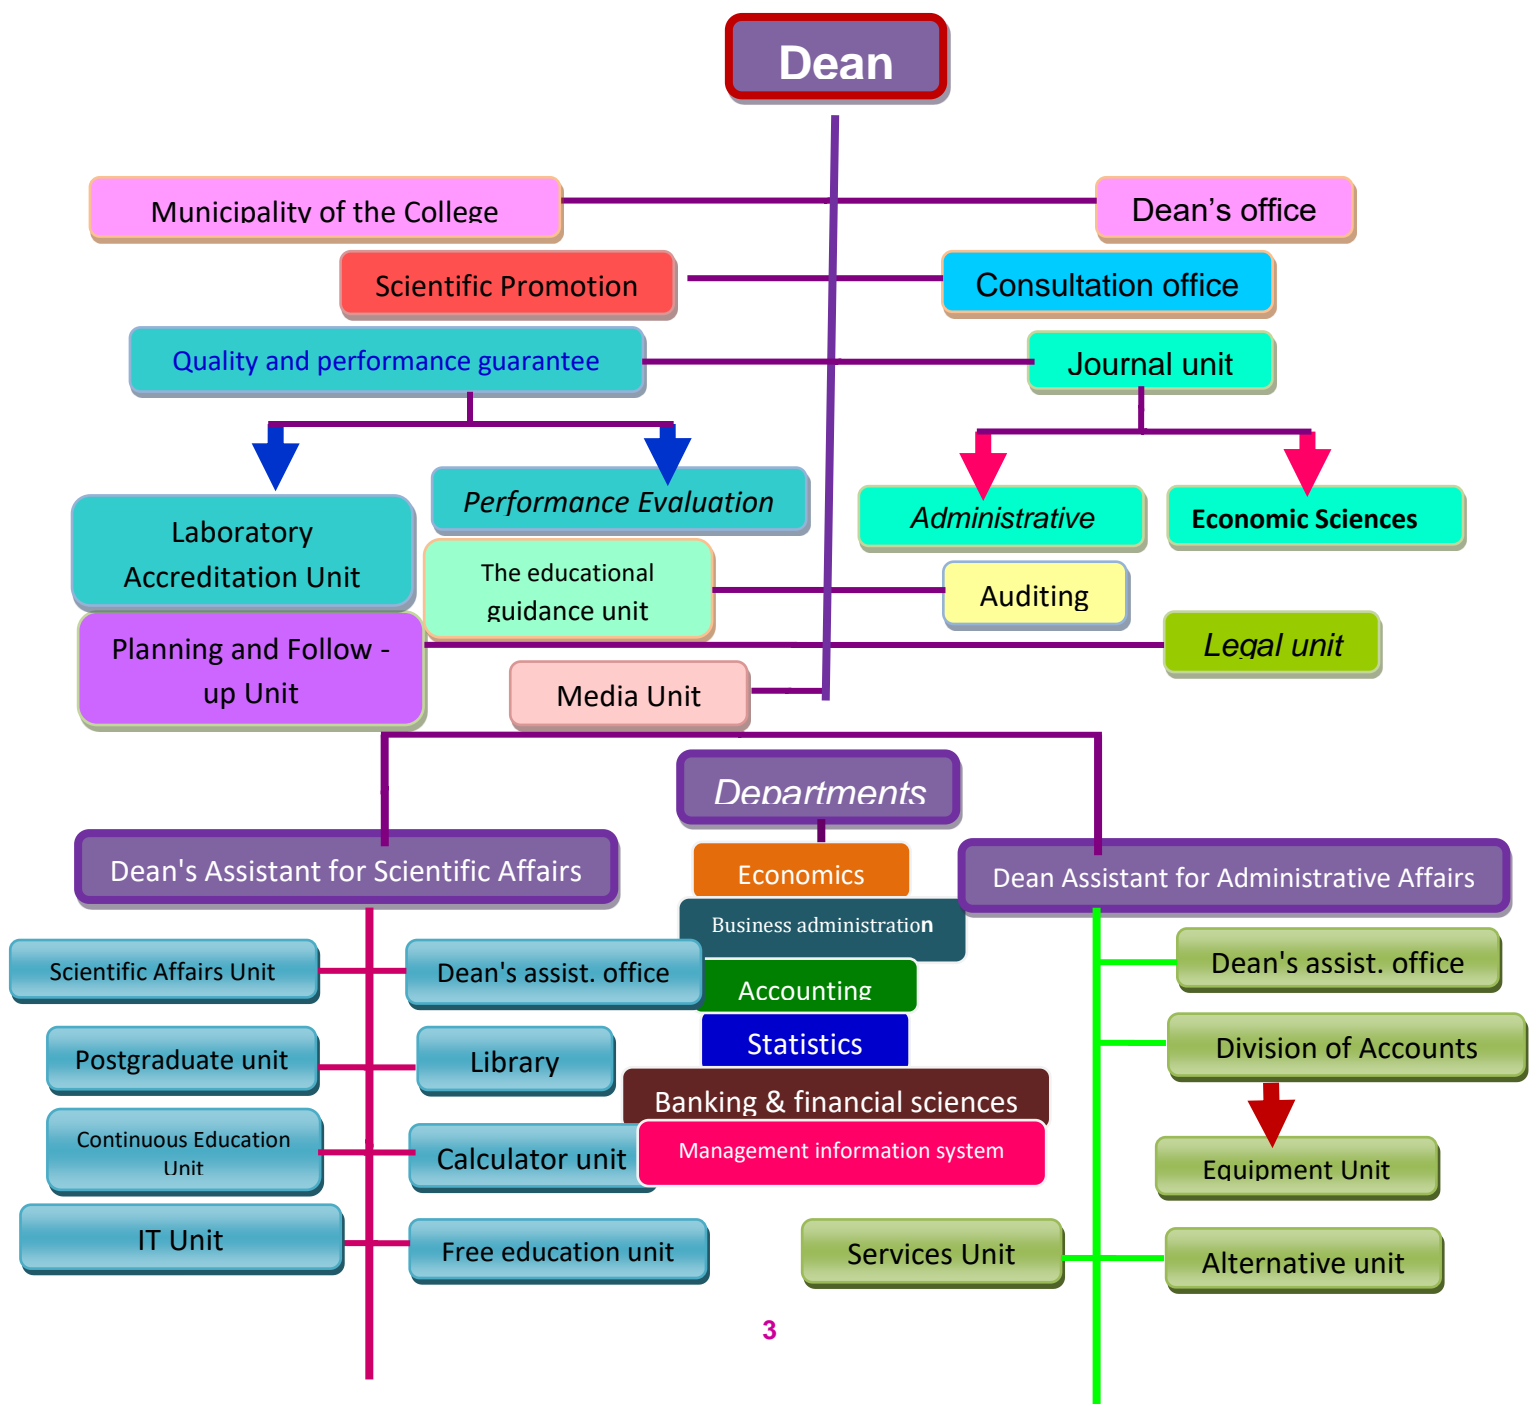

Academic accreditation: It is the set of procedures and operations carried out by the authority in order to ensure that the institution has fulfilled the conditions and specifications of the approved quality, and that its programs are compatible with the declared and adopted standards and that it has existing systems to ensure quality and continuous improvement of its academic activities in accordance with the declared controls. It is an affirmation and empowerment of universities in order to obtain a distinct quality and a single identity and acknowledging that the steps taken to improve quality are successful steps.

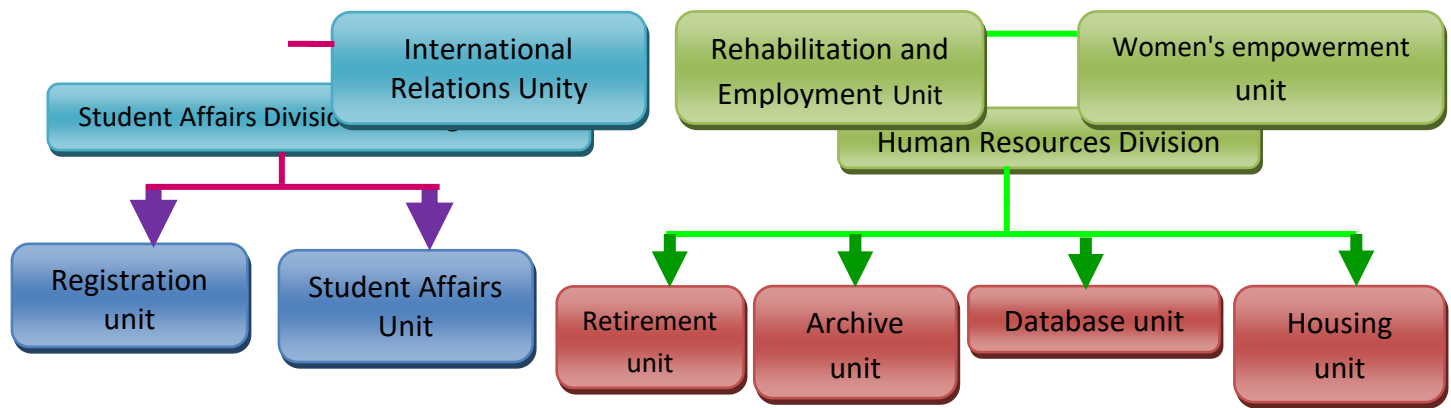

## The self -evaluation report of the College of Administration & Economics 2022/2023

The importance of the report and its goals the self -study of the college is an important part of the procedures for ensuring quality, as it aims at what is based on the college, its evaluation, and its improvement, and not only the definition of it, as it looks at self -study as a continuous process aimed at the following:

- 1- Analysis of the sources available to the college.
- 2- Show the achievements achieved by students at the level of academic programs provided by the college and the extent of their translation of the goals of these programs and their goals.
- 3- Evaluating the relationship between college activities and activities.
- 4- Providing a strong and effective basis for the planning and improvement of the college.
- 5- Analyzing the sources, procedures, institutional plans and its effectiveness in achieving the college's mission and goals.
- 6- Evaluating the educational achievements

## Organizational structure of the College of Administration and Economics 2022/2023

**The self -evaluation report for the Deanship of the College of Administration and Economy 2022/2023**

### **Second- vision- mission- college goals**

The vision of the college aspires to the Faculty of Administration and Economics at Basra University to be among the world's distinguished colleges in the economic, administrative, financial and accounting areas, and to be scientifically and administratively distinguished in the quality of the service that it provides to society and stakeholders at the national, Arab and international levels, and to abide by the academic professional culture among academics and employees. In addition to the attachment of the prospects for development in the university academic practical aspects (educational, research and service).

The collection of the college of management and economy seeks in the inception of Basra to the best service of society and the frameworks that exchange interests and benefits with it, and with the university, through the precise diagnosis of their local needs and future expectations, and achieving the effective response and efficiency of these needs and expectations by ensuring the quality of all university operations and practices in the college. (Educational/ research/ consulting/ and administrative). And according to what comes ...

- 1- The best investment for the college resources and their energies through effective commitment to applying the provisions of the quality assurance system and academic accreditation related to resource allocation.
- 2- Improving the performance of human resources (an academic and functional body) by participating in specialized and developed training and development courses inside and outside the country.
- 3- Create plans and programs that ensure the use of resources (material, financial and technical) available to the college in improving the comprehensive performance of the college.
- 4- The participation of the entire body (academic and functional) and students in the decisions and practices related to them, and those that contribute to the development of the college's work and improve its performance.
- 5- Establishing a comprehensive plan that guarantees the preparation of the requirements, supplies and mechanisms that make student outcomes of the college respond to the labor market, and the satisfaction of the stakeholders.
- 6- Investing inverse nutrition information in improving the future performance of the college.

### **Strategic goals**

- Setting goals and plans that enable the college's scientific level (students and teaching).

Developing plans and mechanisms that enable the prosecution of scientific and cognitive development in the field of the competencies of the college.

- Preparing the requirements that enable a better teaching climate for students and teachers ...
- Create appropriate opportunities to meet the college's need for scientific competencies ...
- Setting plans and providing supplies that enable improvement and expansion to respond to the labor market and community service ...
- Work to implement the requirements and take measures that enable the college to obtain an academic accreditation certificate

**Third- The self-evaluation of the people and scientific and administrative units**

from where: -

- Organizational and administrative structure
- The improvement and development plan
- Employees numbers (need - in terms of certificate and specialization)
- The planned courses subscribe to the affiliates
- The suitability of employee offices (furniture-cooling-heating-computers-lighting-hygiene)

**First - the people and the scientific and administrative units of the structure of the dean of the college**

- 1- The Office of the Dean of the College
- 2- Quality Assurance and University Performance Division

**Performance Assessment Unit**

- 6- Graduate Studies Unit
- 7- Calculator Unit
- 8- Free education unit
- 9- Continuing Education Unit

**Third - People and Administrative Units of the Dean's Assistant for Administrative Affairs**

- 1- Office of the Dean's Assistant for Administrative Affairs
  - 2- Human Resources Division
- Database unit  
Archive Unit  
Housing Unit
- 3- Accounts Division

- 4- Equipment Unit
- 5- Services Unit
- 6- Alternative unit

**Fourth- The quadruple analysis of the people and scientific and administrative units**

| <b>Weakness points</b>   | <b>Strong points</b>  |
|--|---|
| <p>1-Delaying the answer to the scientific departments to the official books that require the answer, which led to the achievement of work</p> <p>2-lack of the establishment of development courses in the college despite the need for some specializations (computer and English language) and the special courses of the employees of the Quality Assurance and University Performance Division and the employees of the educational guidance unit for the rise</p> <p>3-The small number of employees who have experience in the use of computers, and this hinders keeping pace with the development in the use of electronic archiving in the work of the people and administrative units</p> <p>4-The lack of specialized functional cadres for administrative units such as (the Educational Guidance Unit- College Media Unit).</p> <p>5-A lack of the number of fixed career cadres for some administrative units such as (Quality Assurance Division- Educational Guidance Division- Student Affairs Division and the magazine unit)</p> <p>6-Increasing the numbers of students admitted outside the plan developed by the college, which leads to some difficulties that are not appropriate for the number of computers with the number of students in some laboratories</p> <p>7-A shortage of curriculum books compared to the numbers of college students</p> <p>8-The small number of functional cadres (specialization in teaching practical computers) in the calculator</p> <p>9-Some buildings, such as the college library, are not valid and after the deanship of the college and the classroom</p> <p>10-The job staff accumulate in some scientific departments, the people and administrative units, which led to the</p> | <p>1-Follow the daily mail and answer the official books received that require the answer as quickly as possible</p> <p>2-The desire of employees to participate in the development courses to develop performance in his work jurisdiction</p> <p>3-Commitment to the official working hours and the spirit of cooperation between the job staff and the flexible dealing with all parties to implement the instructions and the limits of the controls</p> <p>4-A guarantee of the quality of procedures and work mechanisms and to keep pace with scientific development in the field of work, such as the use of electronic archiving in saving the incoming and export mail</p> <p>5-Simplify procedures to the extent possible and provide services to students by providing laboratories and classrooms, providing methodological books and modern sources and increasing working hours in the people (library - Student Affairs and Registration Division and the college accounts division) to provide services to evening studies</p> <p>6-The presence of staff with experience, knowledge and high desire to perform the tasks and duties assigned to them and the adoption of the principle of reward and punishment in management</p> <p>7-The rooms are suitable to work well in terms of furniture, lighting, heating and cooling.</p> <p>8-Attention to educational and administrative guidance issues and encourage the Deanship of the Educational Guidance Division and the support and formation of unity.</p> |

|   |  |
|---|--|
| <p>presence of convincing unemployment, despite the need of some people with specialized job staff</p> <p>11-The absence of a job staff (number and administrative specialization) in the office of the Dean for Administrative Affairs and Scientific Affairs (Journal of Economic Sciences and the Journal of Administrative Studies)</p> <p>12-Dependence of the Services Division on a job staff, which causes a lack of efficiency of work with the large number of obstacles in completing the work</p> <p>13-Freezing the work of the continuing education unit in terms of courses and its shortcut to train the third stage students</p>   | <p>9-Issuing an order to form a quality assurance team from the administrative staff employees in the scientific departments and the deanship of the college, for the purpose of speeding the completion of the work of the Quality Assurance Division</p> <p>10-The Division of Quality Assurance and University Performance in Business is evaluating the quality of the college's performance, which will be a point for studying the reality of the college and developing it for the better</p> <p>11-Scientific publications: Issuing (3) prepared by the Economic Sciences Magazine- Issuing two numbers of the Journal of Administrative Studies for each year</p>   |
| <p><b>Threats</b></p>   | <p><b>Opportunities</b></p>  |
| <p>1 -Delaying the answer to the scientific departments to the books that require the answer, which caused the dignity of administrative work</p> <p>2 -The lack of the establishment of development courses in the college despite the need for some specializations (computer and English language) and special development courses for employees (Quality Assurance and University Performance Division - Information Technology Unit - Scientific Sections - Scientific Promotions - Graduate Studies - Planning and Follow -up Unit - The Journal Unit and the Guidance Division Educational).</p> <p>3 -The lack of a special internet line for administrative work in the people's people and units, which makes it difficult to communicate</p> <p>4 -The presence of some employees with a contract (daily wage) despite their good work and their experience in the work. They cannot be given job responsibility</p> | <p>1- Developing the communication process between units and scientific departments in the college and between the college and the external environment via the Internet for speed</p> <p>2- Involving the employee in the development courses to improve job performance</p> <p>3- Gaining experiences and skills from external parties, whether foreign, Arab or local, by sending the employee to participate in the courses and implement them in his field of work</p> <p>4- Motivating the employee morally and financially to encourage him to work more accurately and carefully</p> <p>5- Add the number of computers in the calculator laboratories and add additional display screens to the student's interest</p> |

5 -The small number of employees who have experience in the use of the computer, and this hinders to keep pace with the development in the use of electronic archiving and the work of the people and administrative units

6 -The large number of routines in administrative work, with some obstacles in the implementation of controls and instructions for their arrival late

7 -Increasing the numbers of students admitted outside the plan developed by the college, which leads to some difficulties that are not appropriate for the number of computers with the number of students in some laboratories

8 -A lack of methodological books compared to students' numbers

9 -The small number of cadres of precise specialization (computer science and computer engineering) to work in the laboratory accreditation unit and computer laboratories.

10 -The failure of some of the college employees to respond (administrative leaders- faculty members and employees (administrators and technicians) to the concept and culture of guaranteeing quality and university performance

11 -The absence of a job staff specialized in a certificate (educational counseling) campaign for the purpose of promoting the work of the administrative division.

12 -The phenomenon of convincing unemployment of job cadres in (scientific departments, people and administrative units).

13 -Administrative structure in the non-distribution of job staff within (certificate, jurisdiction, need and experience in work)

14 -The lack of moral incentive for employees, such as limiting the work of the committees to specific persons with the marginalization of others

15- Some buildings, such as the college library, are not valid and then on the deanship of the college and the classroom.

6- Restore employees 'structure and distribution between the scientific departments, the people and administrative units according to (certificate, experience and specialization in the performance of work) for the purpose of getting rid of persuasive unemployment and delay in work.

7- Spreading a culture and concept (quality assurance and university performance).

8- Stimulating the work of the Educational Guidance Division:

1- Preparing (educational guidance) committees in the scientific departments.

2- Carrying out periodic meetings directly with all college students for the purpose of guiding them (educationally - scientific and culturally) and finding solutions to their problems.

3- Preparing a guideline for students.

9- Informing students by their scientific departments of the concept of training and positive and negative for the student

10-Developing the work of the continuing education unit by establishing

development courses for the college's employees to enhance the work of the unit

## Fifth- The self-evaluation of the college's condition and its scientific departments

3 -Increase the elderly house

Department of Administrative Information Systems / No

Fifth - Cultural Activities

Department of Economics

Scientific Travel / Supervision Bureau / 2/2/2023

Business Administration Department

Cultural seminars

1 -Reducing the phenomenon of bullying among students

2 -Homosexuality in society, causes and solutions

3 -Student discipline and related laws

4 -University student behaviors and ethics

5 -Reducing the phenomenon of cheating in exams

6 -Psychological preparation for exams

7 -How to develop self-student self

Accounting Department / No

Statistical section / there is no

Department of Financial and Banking Sciences

1 -A trip to the central bank

2 -Festival

3 -The contribution to the afforestation of Al-Basra Governorate

4 -Cooperation with the United Nations Organization for Industrial Development (UNIDO)

Department of Administrative Information Systems

1 -Business and professional ethics

2 -Empowering women in Iraq

Sixth- College activities according to the axes of self-evaluation

The first axis - the scales of the vision, mission and goals of the college and its plans:

\*Vision, message and goals: The Deanship of our college, its scientific departments, its people, and its administrative units seek to unify the vision and the message and achieve the desired goals, and publish it among its employees (teaching staff - employees - students) all where it was published through murals - students 'reception guide - the introductory booklet of the college and finally on the website of the college

Instructions and laws: Commitment to the laws and instructions erected by the Ministry of Higher Education and Scientific Research, which is characterized by the Presidency of Basra University

\*Civil Service Law (teaching staff + employees), 2008 amended

\*The Law of State Employees Discipline

Student discipline law

The second axis - measures of leadership and administrative organization

\*The infrastructure of the college: We show the table below

| n | Buildings                        | number |
|---|----------------------------------|--------|
| 1 | Number of college buildings      | 8      |
| 2 | The number of teaching offices   | 47     |
| 3 | Number of administrative offices | 63     |
| 4 | The number of meeting halls      | 6      |
| 5 | Number of classrooms             | 42     |
| 6 | Number of seats                  | 3472   |
| 7 | The number of studies            | 8      |
| 8 | Number of laboratories           | 7      |
| 9 | The number of reading halls      | 2      |

Electronic archiving: Electronic archiving of the college was completed by 95% in terms of

1- Archive college employees: (two teachings and employees) by 100%. Database unit

2- Archive official books: 90% issued books (Dean's Office- Brigadier General Office (Scientific- Administrative)- Scientific Sections).

3- Research archiving: The archiving in the college library was 90%

4- Archive a homosexual and messages of graduate students. 97%.

5- Student Affairs and Registration Division: Archive in initial study students- archiving the graduates' documents by 93%

6- Archive grades (Master Chit) by 100%from the academic year (1980-1981)

The third axis - material, financial, technical, informational and human resources standards

- Maintenance of cooling and lighting - in all school halls and for all scientific departments with the seats of the classroom

- Maintenance of cooling, lighting and changing furniture for all administrative offices and offices of faculty members in the scientific departments

- Maintenance of college bathrooms and their scientific departments

- Maintenance of electronic computers in computer laboratories for all scientific departments

- Providing computer laboratories, with modern computer furniture and devices (laptop)

- Preparing computer laboratories for all scientific departments with (CO2 firefighters + early warning devices + indicative panels)

Fourth axis - faculty members

- The Quality Assurance and University Performance Division conducted the quality performance evaluation of the faculty members of the staff:

1- According to the assessment forms for our college for the academic year (2021-2022) and save them electronically.

2- Evaluating the administrative leaders (faculty members) according to the evaluation forms for our college for the academic year (2021-2022) and preserving them electronically.

Fifth Axis- Student Affairs

- The Quality Assurance and University Performance Division conducted the performance quality evaluation by the total students for each of:

1- The faculty members by the student for the academic year (2020-2021) for the academic stages (second-third- fourth) and for all scientific departments.

2- The quality of the college's performance, as the college was evaluated by students of the fourth stage of

the academic year (2021-2022) for all scientific departments.

3- The quality of the performance of the final exams (electronic) for the academic year (2021-2022), where the college students were evaluated for all levels and scientific departments.

- The Quality Assurance and University Performance Division issued a guide for receiving new students for the academic year (2021-2022), which includes (conditions for admission and graduation-goals-a definition of scientific departments-students 'discipline instructions). It was distributed to students of the first stage and for the morning and evening studies within the voices of admission to the college. It was published on the Quality Assurance Division page on the college's website.

Cultural and humanitarian activities

Cultural activities = 19

Humanitarian activities = 11

- Scientific travel = 2

The sixth axis - student services

- Follow -up of the college's outputs (follow -up of the graduates): The College of Administration and Economics has been in the past six years to follow up on its graduates by concluding agreements with governmental and non -governmental agencies to provide appropriate job opportunities for them, and they have been:

1- Agreement with the Ministry of Planning / Central Bureau of Statistics on the appointment of graduates of the Statistics Department in the Basra Statistics Directorate, and this agreement is still in effect for this year.

2- Agreeing with foreign oil companies, especially BP, on appointing our college graduates.

3- Agreement with Microsoft to train students and give them an accredited certificate to qualify them for appointment in governmental and non-governmental departments and give them an international certificate in this field.

4- Agreement with private banks to adopt our college graduates, especially graduates of the Department of Financial and Banking Sciences, for the purpose of attracting students and training them to obtain work in private banks operating in Basra.

The seventh axis - academic programs and teaching methods

- Obtaining academic accreditation: The Economy Department seeks to obtain academic accreditation

- Scientific agreements: Our college has concluded agreements and memoranda of understanding with Arab and international universities, which number (7) agreements:

1- The Spanish University of Fatsia, which is the fourth agreement that the college signs with international universities.

2- French University of Rett signed with the accounting department.

3- British University of Derm signed with the college.

4- The American University of Okloha signed with the Department of Financial and Banking Sciences.

5- The Jordanian University of Mu'tah signed with the college.

6- British male university signed with the college.

7- The German University Agreement on 3/27/2017

The eighth axis - scientific research

- Scientific Research published: 127

Economy Department = 15

Business Administration Department = 66

Accounting Department = 14

Statistics Department = 10

Department of Financial and Banking Sciences = 18

Department of Administrative Information Systems = 4

- The number of books author = 6 books

Economy Department = 5

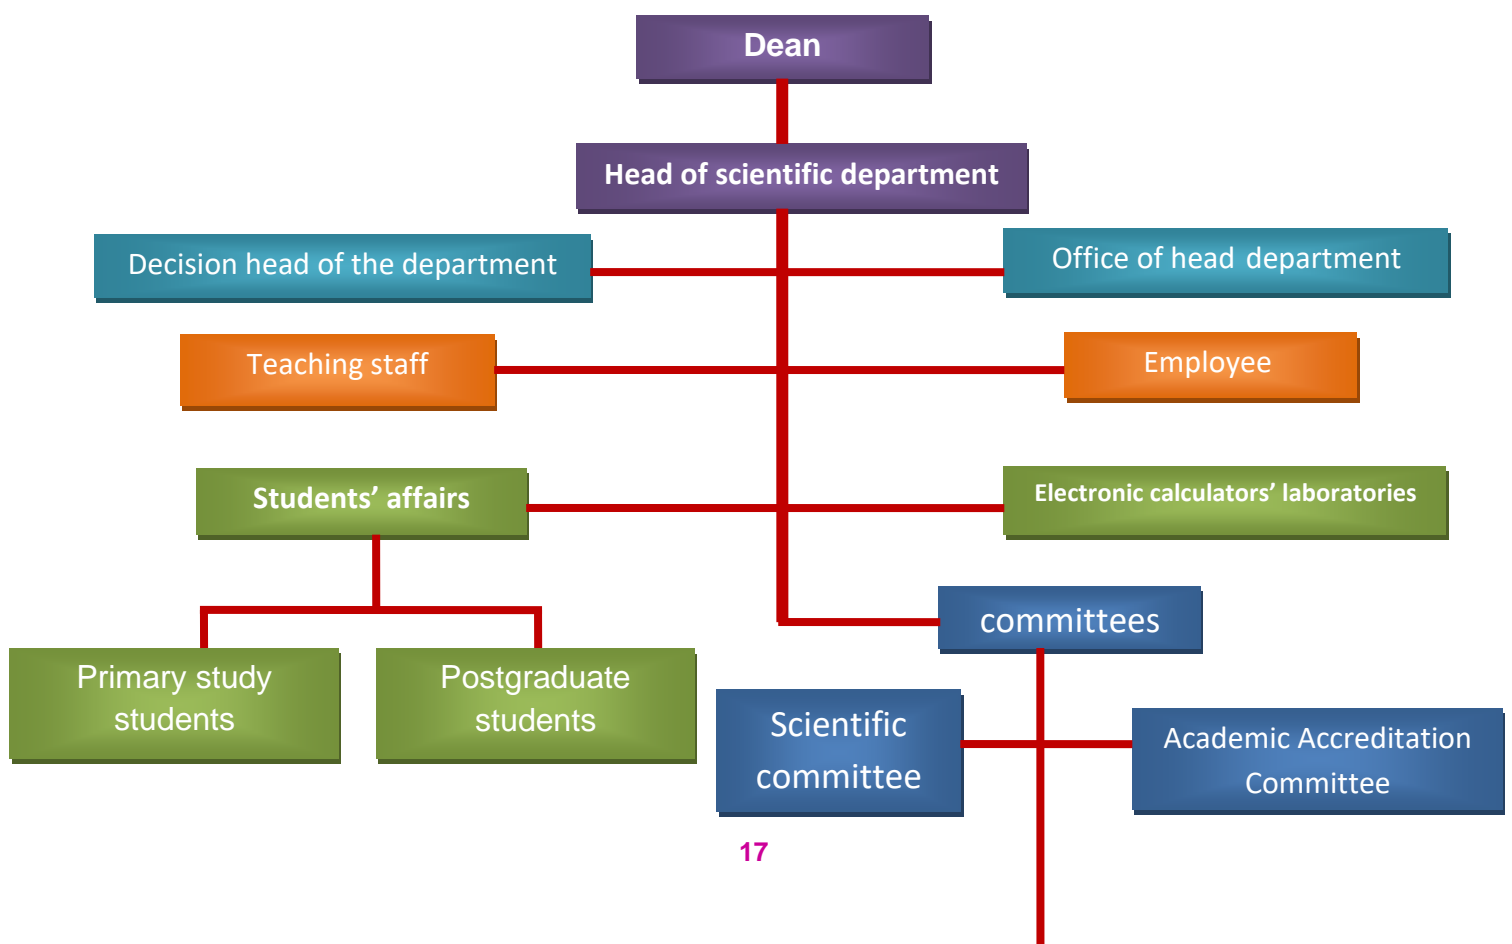

Business Administration Department = No

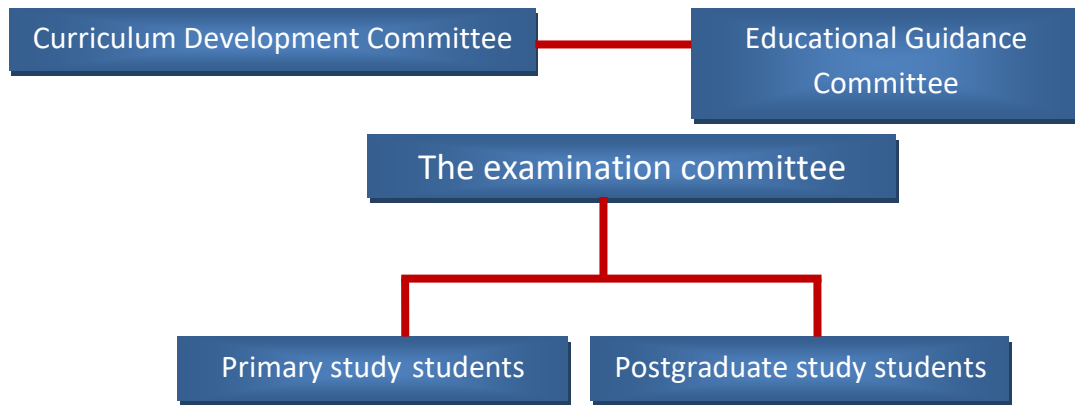

**The self -evaluation report of the College of Administration & Economics 2022/2023**

- Accounting Department = No
- Statistics section = 1
- Department of Financial and Banking Sciences = No
- Department of Administrative Information Systems = No
- The participating conferences = 17
- Economy Department = 9

- Department of Financial and Banking Sciences = 3
- Department of Administrative Information Systems = 5

**The organizational and administrative structure of the scientific departments 2022/2023**

Self -evaluation report, Economy Department  
For the academic year 2022/2023

The vision seeks the Department of Economics - College of Administration and Economics - Basra University to be one of the distinguished departments of the economy at the scientific and administrative levels through the application of quality assurance standards and academic accreditation issued by the Ministry of Higher Education and Scientific Research. The department also aims to keep pace with the movement of developments in the corresponding scientific departments in international universities, as well as documenting the relationship of the section to society and keeping pace with the movement of economic developments.

The message is to serve the community through the following:

- 1- Preparing students to obtain a Bachelor's degree in Economic Sciences.
- 2- Preparing specialists in economic science holds a master's and doctorate degree.
- 3- Preparing research and studies in various specializations in economic sciences.
- 4- Providing advice, economic feasibility studies and strategic studies of the external parties that require this.
- 5- Cooperation with public sector institutions and the private sector in the field of economic studies.
- 6- Holding specialized seminars and scientific seminars.

Goals aims to divide the economy

- 1- Improving the scientific level of the department (students and teaching staff).
- 2- Pursuing scientific and cognitive development in the field of specialization.
- 3- Providing a better teaching climate for students and students.
- 4- Create appropriate opportunities to fill the section of the section of scientific competencies.
- 5- Improvement and expansion of responding to the labor market and community service.
- 6- Working for the department subject to an academic accreditation certificate.

The case of the scientific section

First: the teaching staff

- 1- Modern and accurate scientific specializations: The Economy Department has an integrated teaching staff in terms of modern and accurate scientific disciplines.
- 2- Certificates of Certificates: There is a diversity in the economy department in scientific degrees (doctorate and masters) and in the various disciplines required by the department in postgraduate and parental studies.
- 3- The structure of the department- the preparation of the two teachings in relation to the preparation of students: that the number of students in the department that reaches (805) students compared to (27) teaching, that is, approximately 30 students for each team. This number is large and requires the appointment of more teaching staff to advance the educational reality of the department. .
- 4- The experience of cadres in the field of teaching and scientific research: Good for some teaching staff and their obstruction to others.
- 5- Teaching staff ethics: The teaching staff has high moral obligations, and this is reflected in their dealings with students.
- 6- The commitment of teaching cadres to office hours to follow up students and scientific research: the teaching staff is obligated to do so

## The self -evaluation report of the College of Administration & Economics 2022/2023

7- The development of scientific research and books of books: It is not only for the purpose of scientific promotions: the movement of scientific research in the department is very good, as it supplies Iraqi organizations with ideas of administrative and organizational development, as the department professors contribute to the scientific research and the writing of books is not for the purposes of scientific promotions.

8- Development in the curricula: relying on the sectoral body of Iraqi universities, the curricula are constantly developed and updated.

9- Other service supplies for the service of the teaching staff:

A- Teaching offices and their supplies: the statute of statute of statute of teaching offices

B- Bathrooms and toilets: well available

C- Computers are available for teachers: Computers are not available for teachings and no internet is available.

Quartet analysis

| Weakness points  | Strong points   |
|--|---|
| <p>1-The number of students in the department, which reaches (805) students, compared to (27) a lecture, that is, approximately 30 students for each team. This number is large and requires the appointment of more teaching staff to advance the educational reality of the department=</p> <p>2-Lack of local and international developmental and training courses for the teaching staff to keep pace with the latest developments in the field of teaching and scientific research</p> <p>3-Computers are not available for teachers and no internet is available=</p> <p>4-The statute of limitations of the teaching offices in terms of furniture</p> <p>5-Closing evening studies since 2019-2020</p> | <p>1-The Economy Department has an integrated teaching staff in terms of modern and accurate scientific disciplines=</p> <p>2-There is a diversity in the economy department in scientific degrees (doctorate and masters) and in the various disciplines required by the department in postgraduate and first studies=</p> <p>3-The Economy Department has a teaching staff with extensive experience in the field of teaching and scientific research</p> <p>4-The teaching staff has high moral obligations, and this is reflected in their dealings with students=</p> <p>5-Depending on the sectoral body of Iraqi universities, the curricula are constantly developed and updated=</p> |
| Threats  | Opportunities   |
| <p>1- Reducing the teaching retirement age to 63 years</p>   | <p>1-Increasing scientific specializations in the department by opening the door for appointments for holders of higher degrees according to what the scientific structure requires</p>   |

### Second - Obtaining academic accreditation

- The total number of primary study students and all stages = 805

- The total number of graduate students = 56 courses = 40 writing = 16

And compare it with:

1- Number of classrooms:

- Initial study / The number of classrooms is not suitable for the number of students, as the number of halls is (8) halls, which is a very small number compared to the number of students

Graduate studies / The number of allocated halls is suitable for the number of graduate students.

2- The number of seats:

- Initial study / The department's plan for students 'admission is between (150) students to (200) students annually, but the actually acceptable number is very permissible with a number of (300) students

Graduate studies / postgraduate studies are suitable for the actually acceptable number in the department.

3- Preparing the teaching staff:

- Initial study / The preparation of students in the department that reaches (805) students compared to (27) teaching, or approximately 30 students for each teaching, and this number is large and requires the appointment of more teaching staff

Graduate studies / The number of teaching staff is proportional to the scientific titles with the number of students in postgraduate studies

4- Micro-majors for the teaching staff:

Initial study / The exact majors of the teaching staff are commensurate with the curriculum in the department

Graduate Studies / The accurate specializations of the teaching staff are suitable for the curriculum - for postgraduate studies in the department

5- Preparing the curriculum books (free education):

Initial study / The preparation of the curriculum books is not commensurate with the number of students in preliminary studies

Graduate studies / free data are not suitable for postgraduate studies requirements

6- Preparing and diversifying modern scientific sources in the college library:

Initial study / The preparation and diversity of modern scientific sources in the college library is not commensurate with the number of students in preliminary studies

- Graduate studies / The preparation and diversity of modern scientific sources in the college library is not commensurate with the requirements of graduate students.

7- Other service requirements for student's service:

A- Laborators and computer preparation:

Initial study / The number of laboratories and computers is not suitable for the number of initial studies students

Graduate studies / No laboratory or computers are available for graduate students.

- The use of the laboratory is to participate with another section

B- Availability of the internet: No internet is available

C- The bathrooms: The bathrooms are not available in proportion to the numbers of students

W- Green spaces: green spaces are available in the college

C- Water colds: Do not be available

H- Refugee devices: Available

X- Sports stadiums and the practice of students' activities and hobbies: they are not available

Quartet analysis

| Weakness points   | Strong points  |
|---|--|
| <p>1 -The number of classrooms does not fit with the number of students, as the number of halls is (8) halls, which is very small compared to the number of students in preliminary studies.</p> <p>2 -The preparation of students in the department that reaches (1240) students compared to (26) teaching, that is, approximately 47 students for each team, and this number is considered large and requires the appointment of more teaching staff</p> <p>3 -The preparation of the curriculum books is not commensurate with the number of students in preliminary studies</p> | <p>1 -The number of halls allocated to postgraduate studies is suitable for the number of students=</p> <p>2 -Graduate studies seats commensurate with the actually acceptable number in the department=</p> <p>3 -The number of teachers from the scientific titles holders is suitable for the number of students in postgraduate studies</p> <p>4 -The accurate specializations of the teaching staff are commensurate with the curriculum in the department</p> <p>5 -The preparation and diversity of modern scientific sources in the college library is somewhat appropriate with the requirements of graduate students</p> |

|   |   |
|---|---|
| <p>4 -The preparation and diversity of modern scientific sources in the college library is not commensurate with the number of students in preliminary studies</p> <p>5 -The number of laboratories and computers is not suitable for the number of initial studies students</p> <p>6 -No laboratory or computers are available for graduate students</p> <p>7 -Using the laboratory is to participate with another section</p> <p>8 -The bathrooms are available in proportion to the preparation of students, as well as their need for continuous maintenance</p> <p>9 -Water refrigerators are not available</p> <p>10 -Sports stadiums are not available to practice students with their activities and hobbies</p> <p>11- The Internet is not available</p> | <p>6 -Green spaces are available in the college</p> <p>7- The cooling devices are available</p> |
| <b>Threats</b>  | <b>Opportunities</b>  |
| <b>The lack of material and financial supplies.</b>   | <b>The desire to obtain a certificate</b>   |

Third - Student Affairs

Initial study in terms of

Prepared by admitted students = 180

Admission plan = 150

Admission rates = 63-65

school system:

1- E-learning:

There are some methods that professors and students know in dealing with materials.

Provides specialized workshops on e -learning

- E -learning in Iraqi colleges is not qualified, as it needs infrastructure.

Students deal with e -learning needs scientific trust by students

Difficulty in some of the materials that need students to attend.

2- Transit System:

The transit system confuses the work of the examination committee

- You are promoting the student in the event of his failure with transit materials.

3- The third floor:

- Providing the opportunity for students, especially students who are absent for special circumstances.

Lost time and not catching third round students with their peers.

The third-round exams are accompanied by increasing burdens and delay in the educational process

4- Course System: The system was canceled because the infrastructure was not available in the department.

5- The courses system:

- Providing the opportunity to study the largest number of subjects

- The small number of hours for each substance with the diversity of materials.

The increasing numbers of the study units with which the student graduates.

6- Return the pillars for previous years:

- Providing students with special circumstances that were the reason for their promotion.
  - Delayed issuance of orders of the usual students from promotion
- The difference in study systems for the student.

Quartet analysis

| Weakness points  | Strong points   |
|--|---|
| 1-E-learning in Iraqi colleges is not qualified, as it needs infrastructure<br>2-Students deal with e-learning needs scientific trust by students<br>3-Difficulty in some of the subjects that need students to attend<br>4-You are promoting the student's registration in the event of his failure with transit materials<br>5-Lost time and not catching third round students with their peers.<br>6-Delayed issuance of the orders of the usual students from the promotion<br>7-The difference in study systems for the student | 1-There are some methods that professors and students know in dealing with materials<br>2-Provides specialized workshops on e-learning<br>3-Providing the opportunity for students, especially students who are absent for special circumstances<br>4-Providing the opportunity to study the largest number of subjects<br>5-Increasing the numbers of the study units with which the student graduates<br>6-Providing the opportunity for students who have special circumstances that were the reason for their promotion |
| Threats  | Opportunities   |
| 1-The transit system confuses the work of the examination committee<br>2-Exams for the third floor and the accompanying increase in burdens and delay in the educational process   | Providing the appropriate infrastructure for the advancement of e -learning   |

- Studies of Olayam were

1- Teaching staff:

- The experience of cadres in the field of teaching and scientific research: The teaching staff in the Department of Economics has extensive experience in the field of teaching and scientific research.
- Dependence on modern and advanced scientific sources: The teaching staff in the Department of Economics depends on modern scientific sources in teaching the curriculum.
- Certificate - The Scientific Nick: The teaching staff assigned to teach in postgraduate studies are all holders of a doctorate who holds scientific titles (Professor - Assistant Professor)

2- Graduate Students:

Competition for admission: 60-30%

Admission areas: PhD - Master - High Diploma

- Preparing admitted students - due to the preparation of the teaching staff in terms of experience, certificate and scientific title:

- The number of students admitted in postgraduate studies is proportional to the number of teaching staff in the economy department in terms of experience, certificate and scientific title.

Building an independent library for graduate studies equipped with modern scientific sources and with the Internet:

- Graduate studies halls are inappropriate and quality for doctoral students, masters and diploma

Quartet analysis

| Weakness points  | Strong points   |
|--|---|
| 1-Decreased students 'admission rates<br>2-The lack of a library for postgraduate studies<br>3-The lack of the Internet<br>4-Graduate studies halls are inappropriate and quality for PhD. students, masters and diploma | 1-The presence of a large number of teachers who hold a doctorate with the rank of professor and assistant professor who have experience in the field of teaching and scientific research.<br><br>2-The presence of halls dedicated to graduate students equipped with modern clarification methods<br><br>3-The number of admitted students is compatible with the admission plan and the preparation of the teaching staff. |
| Threats  | Opportunities   |
| 1 - Lack of financial allocations<br>2- The instructions related to the acceptance of students related to the ministry   | 1-Building modern halls<br>2-Raising students' admission rates  |

**Fourth - curricula**

- 1- The extent of the percentage of update in the subjects to keep pace with the scientific development and the labor market: the percentage of modernization with the subjects is very good.
- 2- Adopting the English language subject in the curricula and all stages: The English language subject is adopted in the curricula of all stages.
- 3- Dependence on curricula with a modern edition: it is somewhat dependent on most subjects on modern sources of the curricula.
- 4- The preparation of the books of the subjects in (free education) is available to the ratio of the promise of students: the preparation of the books of the subjects in free education is not appropriate with the numbers of students in the department.
- 5- Teaching computers (theoretical- practical) by a specialized teaching staff (computer science) and by relying on modern curricula to keep pace with scientific development: there are no professors specialized in teaching computer subject.
- 6- Providing computer laboratories with modern capacity and technology and preparing computers that suit the numbers of students: Modern computer laboratories are available with computers that suit the numbers of students.
- 7- Focusing to rely on teaching (practical + theoretical) some of the subjects to benefit the student in the labor market after graduation: the teaching method (practical + theoretical) is used some subjects to benefit the student in the labor market after graduation.
- 8- Adoption of courses (courses) instead of the annual system: The courses system is approved instead of the annual system.

Quartet analysis

| Weakness points  | Strong points  |
|--|--|
| 1-Preparing books in free education is not commensurate with the number of students<br><br>2-The lack of professors specialized in teaching computers<br><br>3-The lack of the teaching staff qualified to teach in the English language | 1-The percentage of update in the subjects is very good=<br><br>2-The English language subject is adopted in the curricula of all stages<br><br>3-It is somewhat dependent on most of the subjects on modern sources of the curricula.<br><br>4-The presence of a large number of teachings= |

|   |  |
|---|--|
| 4-The lack of academic curricula with a modern edition  | 5-The presence of modern computer laboratories<br>6-Focusing to rely on teaching (practical + theoretical) for some subjects to benefit the student in the labor market=<br>7-Adoption of the courses instead of the annual system |
| <b>Threats</b>  | <b>Opportunities</b>   |
| 1-Lack of financial credits<br>2-The powers are linked to the higher authorities and not authorizing them to the lower entities (university) or college | 1- The possibility of qualifying some of the teaching staff by sending them to training courses outside Iraq to strengthen the English language  |

**Fifth - service supplies**

- 1- School halls and their suitability for teaching (hygiene - lighting - seats - the availability of air fans and air conditioners - windows and curtains - doors of the classroom - ..... etc.): The economy department is available in the appropriate study halls for teaching as they are available in them All paragraphs above.
- 2- Updating and expanding the halls according to the latest specifications and providing them with all modern technologies that serve the teaching process: the halls are updated and expanded periodically
- 3- Office of the faculty members in terms of the availability of (hygiene- lighting- air conditioners- furniture-computers- internet): faculty members offices with the above paragraphs except for the internet.
- 4- Bathrooms (bathrooms) in terms of (number- hygiene- water availability): lack of water cycles
- 5- Provides drinking water refrigerators: Do not be available

Quartet analysis

|   |   |
|---|---|
| <b>Weakness points</b>  | <b>Strong points</b>  |
| 1-The lack of water refrigerators<br>2-Lack of bathrooms<br>3-The Internet is not available | 1-Classical halls for teaching in terms of (hygiene- lighting- study seats- the availability of air fans and air conditioners- windows and curtains- the doors of the classroom .... etc)<br>2-Updating and expanding the halls according to the latest specifications and providing them with all modern technologies= |
| <b>Threats</b>  | <b>Opportunities</b>  |
| Lack of financial allocations   | The availability of the desire for the college administration to address the weaknesses and the development of the college  |

**Self -evaluation of the status of the scientific section**

**Scientific section strategy**

Quartet analysis

|   |   |
|---|---|
| <b>Weakness points</b>  | <b>Strong points</b>  |
| 1-Lack of some disciplines<br>2-The lack of modern halls that meet the expansionary needs of the department | 1-The existence of a desire among the teaching staff to develop the department<br>2-The presence of an important number of researchers in the department<br>3-Providing government institutions with studies, research and economic consultations |
| <b>Threats</b>  | <b>Opportunities</b>  |

## The self -evaluation report of the College of Administration & Economics 2022/2023

|   |   |
|---|---|
| The presence of one hall in the college for discussions | <p>1-The presence of great support for the department from the Deanship of the College</p> <p>2-The existence of the possibility to improve the performance of the department through the interaction between the administration and the teachers</p> |
|---|---|

### TEACHING STAFF

| N  | full name                      | Certificate | The date of obtaining it | The donor state | The date of the appointment at the university | The scientific title | received date | Delicate jurisdiction                            |

Assist. Prof. Dr. Rabie Qasim Ajil  
Head of the Economics Department

### The results

• **College needs:**

Due to the expansion witnessed by the college from opening branches of scientific departments, and in addition to the acceptance of primary school students (morning - evening) and graduate students. And seek to obtain (academic accreditation certificate), so it was necessary

- 1- Providing classrooms with specifications that serve the progress of the study process.
- 2- Providing laboratories to study computers with advanced modern technologies.
- 3- Provides a specialized cadre in teaching computers in laboratories
- 4- Establishing an internet network in laboratories
- 5- Establishing a private library for each of the scientific departments, equipped with modern scientific sources with the Internet for scientific research service.
- 6- Providing rooms for the faculty members, especially for the holders of scientific titles (professor- assistant professor) for the purpose of providing the appropriate atmosphere for scientific research within the college.

• **Suggestions:**

- 1- Given the central admission of students in numbers that exceed the capacity of the college, where about (1200) students are accepted for each new academic year. Although the construction of the college and its academic halls dates back since the previous decade of the twentieth century and a specific capacity. So we suggest building new classrooms.
- 2- We suggest speeding up the process of accepting new students, as the late admission to students of the first stage contributes to the lack of completion of the curricula.
- 3- Serious pursuit of scientific departments obtaining an academic accreditation certificate.
- 4- To keep pace with scientific development in the world and for the purpose of the development of scientific disciplines in Iraq- Basra University- College of Administration and Economics- therefore we suggest expansion to open.

• **Study the higher diploma for the following specializations:**

- 1- Higher diploma in international economic relations.
  - 2- Higher diploma in Islamic economics.
- To specialize in the economy, open branches of the third stage of the initial study: Business Economic Branch.

• **Negatives:**

- 1- Accepting numbers of students in the first stage exceeds the plan adopted by the college
- 2- The financial allocations for maintenance are still few, knowing that the college buildings are old and have eliminated more than (40) years, and therefore you need sufficient amounts for maintenance.
- 3- There is a delay in completing the scientific plan by the teaching staff in the completion of scientific research.
- 4- The multiplicity of college buildings and their large size contributed to the dispersion of the special effort in controlling the college facilities, whether it is in providing services at a high level and according to ambition, and the lack of services staff.
- 5- The lack of teaching staff in the college, which is not commensurate with the size of the college and the number of students in the college, so the college needs grades to set some specialty
- 6- Lack of important and accurate specializations, especially after a number of teaching staff referred to retirement, especially in the accounting, business administration and statistics departments.
