

## Course Description Form

1. Course Name:	
Obstetrics and gynecology	
2. Course Code:	
3. Semester / Year:	
2023–2024	
4. Description Preparation Date:	
5/3/2024	
5. Available Attendance Forms:	
6. Number of Credit Hours (Total) / Number of Units (Total)	
28 hours (theory)180hours clinical	
7. Course administrator's name (mention all, if more than one name)	
Name: weam faik mohammed al mahfooth Email:weamfaik@yahoo.com	
8. Course Objectives	
<b>Course Objectives s</b> teaching them to produce competent doctors –high level of scientific knowledge – high level of practical skill – good professional behavior that qualities serve community	<ul style="list-style-type: none"> <li>• .....</li> <li>• .....</li> <li>• .....</li> </ul>
9. Teaching and Learning Strategies	
<b>Strategy</b>	<b>Classroom for theory clinical skills laboratory, practical educational training at hospital</b>
10. Course Structure	

Week	Hours	Required Learning Outcomes	Unit or subject name	Learning method	Evaluation method

**Course structure**

Method of assesment	Method of teaching	subject	Learning outcome	hours	week
Discussion Short examine questions	Lectures and clinical sessions	<b>Diagnosis of pregnancy</b>	How to dx of pregnancy from symptoms and clinical signs and the importance of investigation	2	2
Discussion Short examine questions	Lectures and clinical sessions	<b>Bleeding in early pregnancy</b>	Health problems in early pregnancy include bleeding types of miscarriage in the first months of pregnancy	1	3
Discussion Short examine questions	Lectures and clinical sessions	<b>Ectopic pregnancy</b>	ectopic pregnancy: symptoms, diagnosis, and treatment methods	1	4
