## Scientific Plan Form for Scientific Departments

College of Administration and Economics

Economics department

For the academic year **2025-2026**

**Translate by/ Translator : Aya Imad Fawzi**

# SCIENTIFIC PLAN OF THE DEPARTMENT OF ECONOMICS 2024/2025

**Vision:** The Department of Economics - College of Administration and Economics - University of Basra seeks to be one of the distinguished departments of economics at the scientific and administrative levels through the application of quality assurance and academic accreditation standards issued by the Ministry of Higher Education and Scientific Research. The department also aims to keep pace with the movement of developments in the corresponding scientific departments in international universities, as well as to strengthen the department's relationship with society and keep pace with the movement of economic developments.

**Mission:**

1. Preparing students to obtain a bachelor's degree in economic sciences.
2. Preparing specialists in economic sciences with master's degrees and doctorates.
3. Preparing research and studies in various disciplines in economic sciences.
4. Providing advice, economic feasibility studies and strategic studies to external parties that request it.
5. Cooperation with public sector institutions and the private sector in the field of economic studies.
6. Holding specialized seminars and scientific seminars.

**Strategic Objectives:**

The Department of Economics aims

1. Improving the scientific level of the department (students and college).
2. Pursuing scientific and cognitive development in the field of specialization.
3. Providing a better teaching environment for students and teachers.
4. Providing appropriate opportunities to meet the department's need for scientific competencies.
5. Improving and expanding the response to the labor market and community service.
6. Work for the department to be subject to the academic accreditation certificate .

Second: Faculty for the Academic Year 2025/2026

1Modern and Specific Scientific Specializations: The Department of Economics boasts a comprehensive faculty specializing in modern and specific scientific disciplines.

2Degree Holders: The Department of Economics offers a diverse range of academic degrees (PhD and Master's) in various specializations required by the department for both undergraduate and graduate studies.

3Department Structure – Faculty-to-Student Ratio: The department has 676 students compared to 34 faculty members, resulting in approximately 20 students per faculty member. This is considered a large number and necessitates the appointment of additional faculty members to improve the department's educational environment. The current faculty, classrooms, and other resources are insufficient to accommodate this student population.

4Faculty Experience in Teaching and Scientific Research: Some faculty members possess good experience, while others have outdated experience.

5Faculty Ethics: The faculty possesses high ethical standards, which are reflected in their interactions with students.

6Faculty Commitment to Office Hours for Student Follow-up and Research: Faculty members adhere to these hours.

7Development of Scientific Research and Book Authorship: Not solely for academic promotion: The department's scientific research activity is very strong, providing Iraqi organizations with ideas for administrative and organizational development. Furthermore, faculty members contribute to rigorous scientific research and book authorship, not solely for academic promotion.

8Curriculum Development: Curricula are continuously developed and updated in accordance with the Iraqi Universities Sectoral Authority.

9Other Service Requirements for Faculty Members:

a. Faculty Offices and Supplies: Faculty offices are outdated.

b. Restrooms and Toilets: Available in good condition.

c. Availability of Computers for Faculty Members: Computers and internet access are not available for faculty members.
